**DECLARATION of DRC  
Conflict Minerals Free manufacturer.**

**Ref the section 1502 of the Dodd-Frank Wall Street  
Reform and Consumer Protection Act**

The Dodd-Frank Wall Street Reform and Consumer Protection Act was signed into U.S. federal law on July 21, 2010. Section 1502 of the Act defines the reporting obligations for companies that are publicly traded in the US and are governed by the Securities & Exchange Commission (SEC). Section 1502 requires companies that make products for which 3TG minerals (tantalum, tin, tungsten and gold) are necessary to the functionality or production of that product to assess their supply chains and publically report on the source of these minerals if they are sourced from the Democratic Republic of Congo (DRC) or adjoining country. The goal of the act is to cut direct and indirect funding of any mines in the DRC that are controlled by armed militias responsible for humanitarian harm, including abuses against women and children.

Although UC RUSAL is not directly subject to this law, we are providing this declaration to our downstream customers to help them comply with any obligations relative to this law.

**We confirm that none of the Conflict Minerals: tantalum, tin, tungsten and gold from Democratic Republic of the Congo (DRC) or adjoining countries: Angola, The Republic of the Congo, Burundi, Central African Republic, Rwanda, South Sudan, Tanzania, Uganda or Zambia are used in the manufacture of UC RUSAL's products.**
